Action taken

Most of the faculty members responded positively about the overall performance of the institution. Few faculty members have given their opinion on further development of the college website. Again some are not highly satisfied with the availability of adequate classrooms and furniture. In the meeting of IQAC, The coordinator of IQAC requested the authority to take steps to resolve these issues. Being an affiliated institution and governed by the State Government, enhancement of infrastructural facility and other depends upon the Govt. and other grants. So, within limitations the authority assured to take steps to upgrade the facilities depending upon the financial position of the fund and procedure.
